

HOLOMORPHIC METHODS IN SYMPLECTIC GEOMETRY

12 - 14 February 2018

LECTURE SERIES BY

Dietmar Salamon (ETH Zürich) — Geometric invariant theory in finite and infinite dimensions

Kai Zehmisch (Gießen) — The filling-by-holomorphic-discs method

TALKS BY

Hansjörg Geiges (Köln)

Samuel Trautwein (ETH Zürich)

Will Merry (ETH Zürich)

INVITED SPEAKERS

Kai Zehmisch, Universität Gießen

Dietmar Salamon, ETH Zürich

Hansjörg Geiges, Universität zu Köln

Will Merry, ETH Zürich

Samuel Trautwein, ETH Zürich
